HAUSER, RICHARD A.: Files, 1981-1985

Counsel to the President, Office of

The Hauser collection is arranged as follows:

SERIES I: Subject File

SERIES II: District of Columbia Judicial Selection: SUBSERIES A: General; SUBSERIES B: D.C. Court of Appeals and SUBSERIES C: D.C. Superior

SERIES III: Congressional Investigations: SUBSERIES A: Department of Interior

This subseries contains material regarding a 1981 claim of Executive Privilege for documents regarding Canadian reciprocity in connection with the Mineral Lands Leasing Act and the related subjects of Canadian foreign investment policies, the Canadian Foreign Investment Review Act (FIRA) and the Canadian energy Policy. Congressman John Dingle's Sub-Committee on Energy and Commerce requested Executive branch information from Secretary of the Interior, James Watt. The request specifically mentioned documents from the Cabinet Council on Natural Resources and the Environment chaired by Secretary Watt.

Secretary Watt testified on August 6, 1981 and provided many documents, although some were withheld at this time under executive privilege. A subpoena was issued to Secretary Watt on September 28, 1981 for the documents, and in February 1982, the Committee approved a resolution for find the Secretary in contempt of Congress. The affair was ended when the Subcommittee members and staff reviewed the documents in question on March 18, 1982. David Waller of the White House Counsel staff was present for the document review. See his collection for further information on this issue.
