The Honorable Howard Baker
Chief of Staff
The White House
Washington, DC 20013

Sir:

We want to thank you for what you are doing for the country in this very serious crisis. During the Watergate hearings I wrote to you to urge you to run for president. I still hope you will again! But for now my husband and I want you to know how good we feel about your taking on this job of Chief of Staff.

I am from a Tennessee family. My mother was from Chatanooga. Through our Presbyterian church we were friends of the McCallie School family (I understand you are an alumnus). My dad was from Lawrenceburg--the late General Hugh P. Harris. He earned four stars while in the U.S. Army and went on to be president of the Citadel in Charleston, S.C., after General Mark Clark.

We have followed your career with admiration and wish you well in the difficult months ahead. I am sure you will have the confidence of the American people, and you have support here for whatever you do in the future.

Respectfully yours,
Beverly Harris Olsen

Talk to you and also listen.

In my own mind I would have loved to have met him.

My Husband & I have been married 38 yrs, and of course he comes first, but the men I have admired most are Sen Everett Dirksen, Harry Truman, Keillie Selassie of Ethiopia, Mhandi, Howard Baker, Anwar Sadat, and also one woman Golda Meir of Israel.

(Pardon my spelling but I only have a ninth grade education.)

Mr. Baker I'm so proud of Pres. Reagan for doing what he should have a long time ago, You should have been at the White House long before this.

Also V. Pres. George Bush should ~~be~~^{be} seen and heard from more often. He is also in my opinion a good man.

Maybe you could talk to him & get him

more involved than he is.

Well enough said! I know you are in
good hands and will make a damned
excellent Chief of Staff.

My husband & I send our best wishes
and deepest prayers for your success.

May God be with you always

Dear friend Senator Baker,
HHB-1 I've written you before to
urge you to run for the Presidency,
because I believe you can truly
serve us as the office should be
served! However, now I write to
thank you for accepting the
position you now hold - Thank
God you're in there! I feel as
though our country will now
have a chance to come up from
all of the chaotic misdirection.

Your service shall benefit
us; America's honor can
be restored!

When Regan resigned I
thought: "Why don't they
place Howard Baker in there?"
Then, joy of joys you were
asked & accepted!!
I do hope you receive this note!

Dear Mr. Baker:

Congratulations on your new position. I'm sure that you will restore integrity and credibility to the White House staff. It is critical that the American people can believe the President and, therefore, support his initiatives.

It is my hope that your moderating influence in the White House will lead to a more objective attempt to deal with the Soviets and reach some meaningful reduction in the Arms Race. Our economy needs to shift more of its economic resources to productive pursuits like space development to ensure a hopeful future for America. The Russian administration is ready
