

ALLEN, RICHARD V.: Files, 1981-1982

Assistant to the President for National Security Affairs (NSC)

The Library currently has no specific material for Mr. Allen. For a chronicle of his work, please see the Assistant to the President for National Security Affairs: Chron File for 1981-1982. In addition, we have a small amount of Allen material from a meeting of the President-Elect's Interim Foreign Policy Advisory Board which took place prior to President Reagan taking office. It has been transferred to the Transition Collection and is currently unavailable for research.
