

CLEVELAND, CAROL: Files, 1981-1989

Administrative Office, White House Operations / Office of Administration

Currently Carol Cleveland has no papers, files or records identified as her work product. We are currently re-arranging the Office of Administration/Director's Office and this may change. Ms. Cleveland also worked for the National Security Council and may have a collection from that time period. All material previously assigned to Cleveland is now in the [Office of Administration/Director's Office collection](#)
