EARL, ROBERT L.: Files, 1986

Counterterrorism and Narcotics, NSC

Robert Earl's entire collection consists of material confiscated by the FBI and the Iran-Contra Task Force for the Iran-Contra investigation. Boxes have various numbering schemes instituted by various searches, confiscations and FBI notations. Folder titles usually identify the material within and also where it was found at the time it was seized. The Library has superimposed a simplified numbering scheme for this material. We are providing both sets of numbering systems.
